

Graphic Designer

Vancouver

Who are we?

FPInnovations is among the world's largest private, non-profit research centers working in forest research. The organization helps the Canadian forest industry to develop path breaking solutions based on the unique attributes of Canada's forest resources, favoring a sustainable development approach and taking full advantage of the industry's considerable scientific, technological and commercial capital. We have locations in Quebec City, Montreal and Vancouver.

At FPInnovations, you'll have the opportunity to work with brilliant colleagues on fascinating topics in a flexible and exciting working environment (among other benefits!)

Responsibilities

- Promote the corporate image including maintaining its identity and graphic standards
- Design, create and coordinate the production of technical, corporate and promotional communications tools in English and in French
- Prepare files for printing (pre-press)
- Occasionally act as photographer and video producer
- Occasionally support the web designer with graphics and design for the web sites

Requirements

- Post-secondary diploma in graphic design and 3-5 years of experience in a similar position or an equivalent combination of education and experience
- Proficient with PC tools including Adobe InDesign, Illustrator, Photoshop, Microsoft Word, and PowerPoint
- Skills with Adobe Premiere and Adobe After Effects are a definite asset
- Team player, organized, creative, and autonomous
- Flair for presenting scientific data, theories and practices in images so that they are understood and brought into focus
- General knowledge of WordPress, CMS, HTML, and CSS
- You have an excellent command of spoken and written English and a basic or higher level knowledge of French
